

# Prevent Poisonings

1.

Read the label before using products. If you see the words **caution**, **warning**, **danger**, or **poison**, lock these items in a place where children can't reach them.

2.

Keep all cleaners in their original containers.  
Do not mix them together.

3.

Use medications carefully. Follow the directions.  
Keep them locked away from children.

4.

Install carbon monoxide detectors near  
sleeping areas.

5.

Call the Poison Control Center at 1-800-222-1222 if someone takes poison. If you have a question about poisons, this number will also connect you to emergency help in your area.

Visit the Home Safety Resource Center at [www.homesafetycouncil.org/homesafetymonth](http://www.homesafetycouncil.org/homesafetymonth) for FREE information, including posters, brochures, safety checklists and additional tips to help keep your family safe.
